

I Claim:

- Ins
B1
1. A method for augmenting the size of a human breast and sustaining the augmented breast size comprising the steps of:
applying cocoa butter to the breast for augmenting the size of the breast;
and
applying Vitamin E to the breast for sustaining the augmented breast size.
 2. A method of claim 1, wherein the cocoa butter is applied in an amount sufficient to achieve the desired augmentation of the breast and the Vitamin E is applied in an amount sufficient to sustain the desired augmented breast size.
 3. The method of claim 1, wherein the cocoa butter and Vitamin E are simultaneously applied to the breast.
 4. The method of claim 1, wherein the cocoa butter is first applied to the breast, and the Vitamin E is applied subsequently.
 5. The method of claim 1, wherein the proportion of cocoa butter to Vitamin E is 18:1.
 6. The method of claim 1, wherein 7g of cocoa butter and 400mg of Vitamin E are applied to the breast.
 7. A composition for augmenting the size of a human breast and sustaining the augmented breast size comprising cocoa butter and Vitamin E.
 8. The composition in claim 7, wherein the proportion of cocoa butter to Vitamin E is 18:1.

9. The use of cocoa butter and Vitamin E for augmenting the breast size of a human and sustaining the augmented breast size.
